OBOPUS/OBHUNT

Potential Friday Agents - Biographic Information

REF: a. DIR-47745, 23 April 1954, para 4  
b. SGAA-9343, KAPOK-2513, 6 April 1954

1. We are forwarding under separate cover the biographic information requested in reference a. which is now known to RNDOLLAR. He has been briefed to acquire as much biographic data as possible on any other potential sub-agents that may be considered.

2. This newly acquired information has turned up an inaccuracy in reference b. that should be called to your attention. Identity (10) of reference b. is a first cousin of RNDOLLAR, not his full brother as reported. He is the third alternative for a principal agent. Furthermore, through a typographical error, we reported Identity (12) of reference b. as a brother of Identity (5). In reality, Identity (12) is the father of both Identity (5) and Identity (11). We will attempt to develop some biographic data on Identity (12) should results of the mission's first phase indicate possible use of any member of that family.

3. We are not forwarding biographic information on Identities (15), (16), and (17) of reference b. as we have definitely decided against the use of support agents for this mission at this time.

4. The delay in forwarding this information was caused by the inaccessability of RNDOLLAR at OBATLANTIS.
